Fencing Range

Steel Plus Style

Your guide to the LYSAGHT® range of steel
fencing products and solutions

Why a LYSAGHT® steel fence?

Boundary and security fences are among the most visible features of many homes – and also the most exposed to the elements. That's why the fence you select needs to be strong, durable, attractive and could also add value to your home. Choose a LYSAGHT® fencing solution and you'll enjoy all those features – plus one more. Your fence will be protected by an exclusive 10 year warranty.*

- A LYSAGHT® steel fence provides the strength of COLORBOND® steel combined with an attractive appearance on both sides.
- LYSAGHT® steel fences are manufactured by BlueScope Lysaght, the only Australian steel building products manufacturer with over 150 years of experience.
- All LYSAGHT® steel fences are 100 percent Australian made and your fence is protected by our exclusive 10 year fence warranty*.
- LYSAGHT® steel fences are designed to Australian Standards so you can be confident they will handle the buffeting of winds and backyard games*.
- In a range of colours to match your home, LYSAGHT® steel fences, are available in 1500mm, 1800mm and 2100mm heights.

*When the fence is installed and maintained according to COLORBOND® steel and LYSAGHT® fencing specifications. Conditions apply visit www.lysaght.com Check for any height restriction on fencing with your local council prior to purchase.

Range of Styles

With three standard profile styles in the LYSAGHT® steel fence range there's bound to be one which will complement the look of your home and garden.

LYSAGHT SMARTASCREEN®, MINISCREEN® and NEETASCREEN® are all classic fence profiles that will enhance the appearance of your property for years to come. With matching posts and rails engineered for durability and strength, they are the heart of a LYSAGHT® fencing solution that looks great from both sides.

*Availability varies between states. Check with your local supplier for available profiles.

LYSAGHT® Fencing Range

NEETASCREEN®

Modular LYSAGHT NEETASCREEN® steel fencing is one of the most versatile and durable fencing systems you can buy.

The vertical ribbed panels made from 100% Australian COLORBOND® steel provide strength and good looks that last and last.

- Posts, rails and panels are available in a range of COLORBOND® steel colours to allow mix and match combinations
- Total component system means quick and simple installation
- 100% termite and rot resistant
- May be stepped or raked on sloping ground
- Available in 1500mm, 1800mm & 2100mm panel heights

NEETALOK fencing is recommended for installations in WA cyclonic regions – speak to your local supplier for further information.

SMARTASCREEN®

LYSAGHT SMARTASCREEN® fencing keeps neighbours happy with its unique profile giving the same stylish look no matter which side of the fence you are on. Its clean, attractive lines have a subtle, textured finish that looks right at home in any setting.

SMARTASCREEN® is a favourite with property owners and installers because of its timeless, low maintenance design backed by the durability you'd expect from Australia's leading steel building products supplier.

- Neighbour friendly – the same attractive look on both sides
- Available in a range of COLORBOND® steel colours
- Provides security and privacy to your home
- 100% termite and rot resistant
- May be stepped or raked on sloping ground
- Available in 1500mm, 1800mm & 2100mm panel heights

//...made using quality all-Australian COLORBOND® steel for low maintenance, durability, wind resistance, security and privacy. //

MINISCREEN®

With COLORBOND® steel infill sheets in the classic LYSAGHT MINI ORB® profile you've got an eye catching fence capable of enhancing any property.

Create a steel fence with a unique appearance that is at home in any setting – one with the distinctive fluting of infill panels framed by striking posts and rails which combine to provide a truly attractive yet durable fence.

- Post, rail and panel colours allow mix and match combinations
- 100% termite and rot resistant
- May be stepped or raked on sloping ground
- Available in 1500mm, 1800mm & 2100mm panel heights
- A centre rail is visible on one side of the fence

Choice with PLUS options

Looking for a fence that makes even more of a style statement for your property? You can do it with popular LYSAGHT® PLUS options. Once you've selected the style and colour combination best suited to your property, why not add matching or contrasting PLUS lattice, with elegant ball caps for the finishing touches.

You can even mix and match colours for infill panels, post and rails to highlight or complement your gardens best features. Don't forget to enquire about our matching gate options*. You'll be glad you did.

*Gates not available in Western Australia

Made using COLORBOND® steel

Your Australian made LYSAGHT® steel fence is manufactured using COLORBOND® steel from Australia's largest manufacturer, BlueScope Steel. You get the peace of mind knowing your fence is made from steel developed for Australian conditions.

- Available in 14 designer colours to complement and enhance your home and landscape.
- New improved Super Polyester pre-painted coating technology keeps your fence looking newer for longer.
- More than 30 years of intensive weather testing in Australia has proven COLORBOND® steel to withstand our harsh conditions.
- Bushfire testing by the CSIRO & Bushfire Co-operative Research Centre demonstrates steel fencing can help protect your property from bushfires.*
- 100 per cent termite and rot resistant - no need to apply chemical treatments to a LYSAGHT® fence made from COLORBOND® steel.
- Low maintenance – an occasional hose or wipe down and removal of any debris is all that's required to maintain your fence.
- Laser engraved with the COLORBOND® steel logo, your guarantee of superior performance and quality.
- COLORBOND® steel is a 100% recyclable material.

Not all steel fences are made from COLORBOND® steel.

Only fencing made from COLORBOND® steel has the COLORBOND® steel brand.
